“Abilene Ham Radio Field Day”, 2004

By United States Congressman Charles W. Stenholm
A Proclamation

WHEREAS this commemorates the Abilene ham radio operators annual “field day” on June 26, 2004;

WHEREAS field day is a 24 hour time period when ham radio operators demonstrate their capabilities to operate under emergency conditions;

WHEREAS field day demonstrates ham radio operators ability to set up radios and antennas using non-commercial power in remote locations;

WHEREAS the Abilene ham radio operators should be commended for donating their time in public service providing vital emergency communications during disasters and severe weather events;

Charles W. Stenholm
Member of Congress
